

The image features a repeating damask-style pattern in a light tan color against a darker tan background. The pattern consists of stylized floral and foliate motifs arranged in a symmetrical, grid-like fashion. In the center of the image, there is a dark tan oval with a subtle drop shadow. Inside this oval, the word "Villanella" is written in a white, elegant script font, followed by a registered trademark symbol (®).

History

Our company's foundation is based on Wholesaler Family Company 1950's and became a manufacturer and supplier in 1997 named Paktek Tekstil LTD. in Denizli, TURKEY. It has been withstanding many years of changing conditions and developing itself through the demands of textile branch. Accordingly people prefer to work with the reliable companies. Therefore our wisely-managed company brings us a strong foundation together with our product quality and experience that we gained from our long time working relations with the society. Paktek is always behind the service by protecting the name of its brand.

Mission

To be the first choice for our customers on account of trust and high business ethic provided from production solutions with experience and know-how on our products. It is main part for us to reflect the changes in textile branch to our production and creating value added. The fundamental philosophy is to be a company continuously creating value for our collaborators and customers. Our main aim is structuring our company on foundation in transparency and reliability areas.

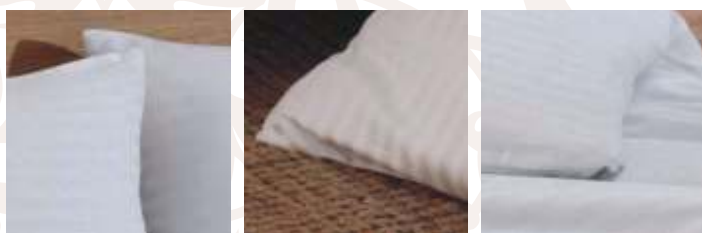

Vision

The long held tenants of marketing are "customer value", "competitive advantage" and "focus". This means that companies have to study the market, develop products or services that satisfy customer needs and wants, develop the "correct" marketing mix and satisfy its own objectives as well as giving customer satisfaction on a continuing basis.

Therefore, it is indispensable to insure our products to create value, competitive advantage and to be a reliable company knowing its responsibilities and has own strong objectives.

Quality Policy

To be solution partner, knowing its responsibilities to environment and society, adopting the sustainable improvement as a life style, being one of the leader company in its branch in terms of technology and the quality of the products, and providing the best services to customers for highest benefit of them with reflecting experience and know-how on our products.
